3. How is with your soul?  
Healthier spiritually than I have been in a while  
Digging into scripture, on a roller-coaster  
Busy at first, now back to normal  
Enjoying not having to travel  
Reconnecting with friends
4. New definition of dis-abled during quarantine: a lack of technology or knowledge of how to use it now makes you dis-abled.
5. Announcement from Lynn Swedberg  
As a part of our relationship now with GCORR, Lynn has put together a survey and is wanting responses. Lynn's motivation is to develop materials that will be used. Her guidance in this process is the healing of Bartimaeus whom the crowd declared he was "bothering the master." Bethany McKinney Fox 2019 book Disability and the Way of Jesus: Holistic Healing in the Gospels and the Church is a resource Lynn finds helpful. Here is a link to the survey:
